

KUNZ VALLEY TRASH

PRICING INCREASE / FRANCHISE ADDITION

Due to STATE LAW SB1383 we are entering into a Non-Exclusive Franchise with San Mateo County. We will have it on our website for your convenience. This Franchise enables Kunz Valley Trash LLC to continue to service you as we are now with little change, we will offer a new pickup of compostable materials. We will have some colored stickers to place on your cans to identify the contents. We will have examples on the website. And lastly the county will be charging a fee for the franchise. We will be passing that on to you the customer (sorry). A 2% fee will be charged from the total invoice cost.

(Example) invoice sub-total \$70.15 x 2% = 1.40 = invoice total \$71.55

We have been hit with a \$69,000.00 commercial auto insurance premium!!! Because of this we are increasing rates to cover that as well as rates increasing at Ox Mountain Landfill. This crazy economic cycle we are in has wreaked havoc with our desire to keep costs at a minimum. We are sorry for this, it's either raise rates or close shop. Any questions please call or email.

Price increase will take effect April 01, 2024. Franchise takes effect when authorized
